

Paws Abilities

SPREADING KINDNESS THROUGH ANIMAL CARE
AND SUPPORTED EMPLOYMENT

Paws Abilities' mission is to spread kindness through community outreach, animal welfare programs and supported employment for the disabled.

We envision a world where kindness, compassion, and acceptance are the norm; where the voiceless are never forgotten, and individuals with disabilities have the opportunity to reach their God-given potential.

About Us

Paws Abilities is a pet care facility and homeless dog rescue that provides vocational training and jobs to the intellectually disabled community.

Services offered include pet adoptions, low cost pet vaccines and spay/neuter services, as well as grooming and boarding; all nestled next to a unique concept dog park with a dog-friendly café and gift shop.

We provide opportunities for individuals with disabilities to receive training in various areas within the organization and be matched to a job that leverages their abilities and gives them a sense of fulfillment. We also provide pet owners a place where they can relax with their dogs at the café or watch their dogs play in the dog park with other dogs, including those that are available for adoption.

Consider Getting Involved

Paws Abilities needs your help so that we may build a place to nourish and enrich the lives of individuals with disabilities, while giving homeless dogs a second chance. Join us as we embark on this journey to spread kindness, teach acceptance, and build a legacy for all. We need contacts, donations, grant writers, social media expertise, marketing knowledge, and anyone with a heart for the disabled and or animals.
